Hi ,

A couple of weeks ago, Anton and Hayden, of APEX Instant Tips fame, delivered their 100th Oracle APEX tip.

The tip was a juicy one. Anton called it sketchy, and Hayden suggested they might receive a cease and desist. [You be the judge](#) 😂

But my favorite part of this special anniversary episode was the Wisdom of the Week, where Anton shared his daily sendoff to his kids as they were growing up.

***"Have a grand and glorious day - A day that bestows honor upon yourself, your family, and your community"***

I have thought of these words a lot ever since, and this week in particular, am thinking of the amazing women of Insum, and how they are literal embodiment of these words.

I hope you'll read my post that pays tribute to my colleagues, but really, all women in our wonderful Oracle APEX community that bestow honor on us all by being inspirational leaders, brilliant, kind and caring colleagues, dedicated community service contributors, and of course, dedicated mothers and loving caretakers.

## **In today's edition**

- Celebrating the women of Insum
- New series! OCI Observability and Management from Luc Demanche
- KScope23: Will we see you there?
- ICYMI from our team
- News: The latest APEX community news

---

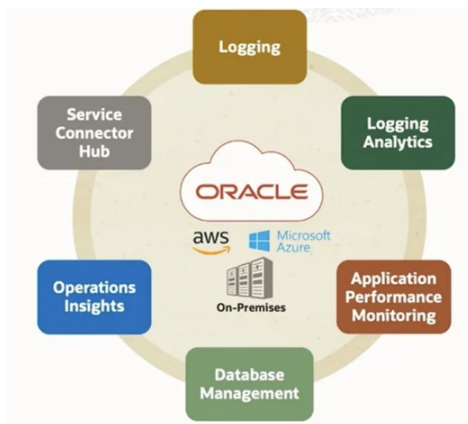

**Celebrating International Women's Day**

Please join us in celebrating the brilliant and talented women of the Insum team!  
[Read my post](#) that includes a video highlighting each and every one of them.

---

## New Series! OCI Observability & Management

In his new series, Insum's Cloud Practice Director and Oracle ACE Luc Demanche explores a new Oracle Cloud Infrastructure service called "Database Management". Interested in ways to increase efficiency and reduce complexity?  
[Read his post on Medium.](#)

## Events

### Ascend23

Will we see you June 11-14 at the re-imagined Caribe Royale Resort in Orlando, Florida? The upcoming Ascend conference theme: Get Away to Get Ahead. [Contact us](#) for a code to get \$100 off of your registration.

### Kscope23

As proud Oracle APEX track sponsors of this year's conference, we look forward to joining fellow like-minded Oracle Users in Aurora, CO, June 25-29! Use our vendor code (VINS23) to receive \$100 off your early bird registration. [Register soon](#), early bird price ends April 3rd!

---

## And speaking of Kscope23 - Drum roll please...

We're thrilled to announce that ODTUG has confirmed the content for Kscope23, with no fewer than 9 presentations from our team. Anton, Adrian, Plamen, Rich and yours truly will be busy over the next few months working on some great content for attendees. See you in Aurora!

---
